

FOR STORED PRODUCT INSECTS

Target insects

- Drugstore beetle
- Carpet beetle

Insects habitat & food

- ▶ **Habitat:** food factories, warehouses
- ▶ **Food:** dried-vegetable based food, mushroom, dried noodles & fruits, Chinese medicine, confectionaries, spices, brown rice, wheat, and other grains, dried fish, carcasses of insects and small animals, clothing, carpets, wool fabrics, etc.

HIRESIS

FUJI FLAVOR is the only company in the world that has developed this pheromone trap with specific attractant for drugstore beetle

FEATURES

- Targets two types of insects, Drugstore beetle and Carpet beetle (*different lures are used for each species)
- Designed with unique custom slide to effectively monitor even the highly cautious insects like drugstore beetle
- User friendly with ease to assemble and disposal

Assembling the device

Fold the upper part of the device along the crease (A) and peel off the release paper.

Take out one lure from the strip and set it on the appropriate position of the glue board.

PRODUCT INFORMATION

Placement

- **Installation:** Place device on the wall 1.5m above the floor
- **Interval:** 5-10 meters recommended
- Avoid placing device near machinery or production lines as they may attract insects to these places
- Placing device near entrance may attract insects inside from outside. Place it 10-20 meters away from the entrance or exit.

Shelf life: 1 year from manufacturing date

Replacement: 1 month of use

*Avoid sunlight and store the product at room temperature in a dark place.
